

Should I Call Arlington Public Health?

A Guide to Identifying and Reporting an Outbreak in Your Daycare

Observe Children's Health Upon Arrival

Check for symptoms while parents are present; send sick children home.

Separate Sick Children

If a child cannot go home, keep her away from others to stop germ spread.

Check Regularly For Symptoms

If more children than normal show similar symptoms within several days, **call Public Health.**

When In Doubt, Call us

If you have questions about symptoms, **call Public Health.**

Reporting is Required by Law

Reporting suspected outbreaks to Public Health is required. We will help you control the outbreak and prevent future ones.

Recognize Multiple Sick Children

If several children become sick at once, **call Public Health.**

Call Arlington Public Health at 703-228-5200, Option 1 to report an increase in symptoms
